Sage Tea Darkens Hair to Any Shade

Don't Stay Gray! Here's an Old-time Recipe that Anybody can Apply.

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmothers' time. She used it to keep her hair beautifully dark, glossy and attractive. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect.

But brewing at home is messy and out-of-date. Nowadays, by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," you get this famous old preparation, improved by the addition of other ingredients, which can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two, it becomes beautifully dark and glossy.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite for those who desire a more youthful appearance. It is not intended for the cure, mitigation or prevention of disease.—Advt.

Handkerchiefs for Christmas at McCutcheon's

This year, in spite of War conditions, our stock of Pure Linen Handkerchiefs for the Holidays is larger than ever before because we ordered very heavily two years ago, in anticipation of the present Linen shortage, and before the price of Linen advanced so sharply.

We are, therefore, in a position to offer our patrons unusual values in Holiday Handkerchiefs. All are of pure linen, as McCutcheon Handkerchiefs have been for the past 63 years.

We counsel early selection while stocks are complete.

Initialed Handkerchiefs
For Women—\$3.00, 4.00, 6.00 to 12.00 the dozen.
For Men—\$6.00, 7.80, 9.00, 12.00 and 15.00 the dozen.
For Children—3 for 65 cents.

Embroidered Handkerchiefs
From France, Ireland, Switzerland, Spain and Madeira. We have never had a more beautiful assortment, and the values have never been better.

For Women—All white, and with colored borders, 25c., 35c., 50c., 75c. and \$1.00 each, and up.

No Change in Price
No Change in Quality
Whatsoever!

If there is one thing more responsible than another for England's commerce girdling the earth, it is Quality. Take Aquascutum Ltd., for example. They have raised their prices, but nobody on earth could make them cheapen their merchandise. The Aquascutums this Fall are identical with last year's qualities, and the only reason the prices are the same is that we ourselves are shouldering the increased cost.

Blue Stars and Gold

Last week in the windows of these homes the blue stars of the service flags seemed to call proudly to the passer-by, "We have a boy in France."

To-day in these same windows the blue stars have turned to gold. Reverently they say, "We had a boy in France. He has paid the last full measure of devotion to his country, and to the Cause of Right."

We fighters here at home—we who work hopefully in the living radiance of a blue star, we who take up our tasks again bravely, in the dear memory of a gold star, let us fight with them more worthily, more persistently, more enduringly.

Let us buy our country's bonds—quickly—to our utmost.
